

Higher Education Membership

Your institution's portal to the ideas, debates, and data shaping the future of business

The Conference Board is the Member-driven think tank that delivers *trusted insights for what's ahead*.TM Since 1916, we've helped business leaders peer around the corner to see how today's trends and disruptions are shaping tomorrow's economy. Our Higher Education Membership Package equips every member of your community with the same cutting-edge, fact-driven content that arms the C-suites of our Fortune 500 member companies. Higher Education members access business management, economic research, and insights available through the Business & Economics Portfolio.

[Business & Economics Portfolio](#)

Our quarterly releases feature several of the top-line indexes for which The Conference Board is renowned. These indicators will help you gauge where the US economy is headed, how the labor market is expected to fare, and what consumers and CEOs are feeling and anticipating.

The Conference Board Composite Indexes for the US

This group of statistical time series helps analyze the alternating waves of economic expansion and contraction
