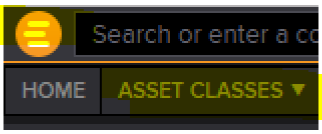
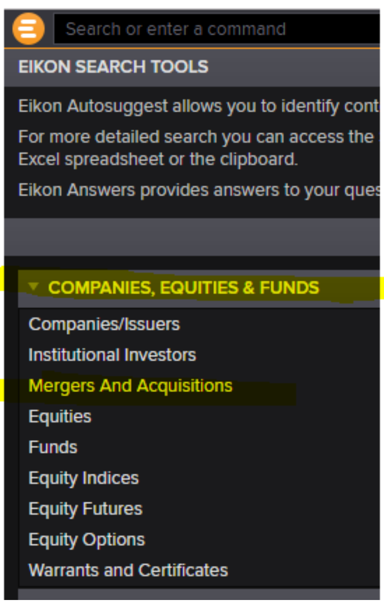
Creating Custom M&A Deal Searches

Click **Home icon** 

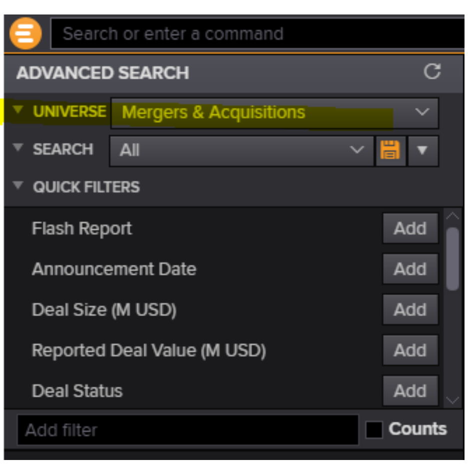
Click **Search Tools**>click **Advanced Search Tools>click Asset Classes**>click **Advanced Search** – which brings you to the **EIKON Search Tools** page



Under **Companies, Equities & Funds** section, click **Mergers & Acquisitions**



This brings you to the **M&A Deals Search/Filter Template**



Quick Filters –most frequently used filters. Click on the filter, e.g. Announcement Date" or click **Add** to the right to customize your search

Add Filter box – click in the box to view additional filter options, e.g. EBIT Multiple, EBITDA Multiple, Sales Multiple, Deal Size, Deal Attitude, % Acquired, etc.

TIP

Check the **Counts** box and each of your filters will display with the record count
